

Seven Steps to Angel Light with Chrissie Astell October 26/27/28

INTRODUCING CHRISSIE ASTELL

Chrissie Astell is one of the UK's best-loved spiritual educators and angel experts. Following a visionary angelic experience in 1997, she is the author of five books, most recently ***Seven Steps Into Angel Light*** (Watkins 2017). Through her writing and teaching, Chrissie's inspirational charisma and exceptional skill as a heart-centred facilitator have brought thousands of people into closer relationship with angelic guardians, healing energies and universal love.

"I have always been fascinated by the human desire to connect with the angelic realms. They appear in almost every culture, faith and religion, since the dawn of mankind. In this rapidly changing world of uncertainty, one thing is for sure: a universal source of guidance and love is easily accessible. We have been given the gift of angels. A gift for us to accept with gratitude, or to ignore. The choice is ours." Chrissie Astell

AN EMPOWERING WEEKEND

This **Seven Steps Weekend** builds on Chrissie's latest book, *Seven Steps Into Angel Light*. You'll cover each of the seven stages of connecting and working with the Angelic Realms for inspiration, wisdom, healing, protection, guidance and understanding your purpose. You'll also participate in guided visualisations, individual and group activities.

Over the course of two days, Chrissie will empower you to...

- Explore your spiritual impulse
- Learn more about the common threads between the world's major faiths
- Build an effective spiritual practice
- Learn to connect with angels and Archangels
- Receive wisdom, healing and guidance for yourself (and for clients if you are a healer or holistic practitioner)
- Improve your relationships with partner, family, friends and colleagues
- Discern your own spiritual life-path
- Become a 'spiritual warrior' and serve your community

WHO IS IT FOR?

This weekend is suitable for anyone on a journey of spiritual exploration, **at any level**. Whether you are new to working with angels or an experienced practitioner, you will find the teaching, techniques and group work invaluable on your journey. Many workshop participants meet new friends and form local groups for further development. Holistic practitioners are often able to introduce themselves to new clients.
